

A LITTLE ABOUT ..US

Jai Tiki Retreat, Cocktail Bar & Restaurant is managed by Chris & Charlie. A couple who know first hand the pressures and strains of the city life and corporate jobs.

In pursuit of their dreams, and passion for hosting friends and family, the double act gave up the daily grind of London, and opened Jai Tiki in Koh Lanta.

They took over the abandoned hotel in the summer of 2024, adopted the stray cat (called Maya), and finally opened the Retreat in December 2024.

If you want to see the rollercoaster of the journey that it took to get this place ready, then head over to our YouTube channel @JaiTiki

..OUR NAME

Jai Tiki

Behind the name: Jai Tiki is more than a name, it's what we strive to create.

Jai is an ancient Sanskrit word translating to 'little moments of victory' or 'hallelujah'. In Thai, *Jai* refers to the heart's emotions and the presence of mind.

Tiki comes from Polynesian culture, representing the deep connection between man and nature. It's often portrayed with wooden carvings which are guardians, to provide a sense of escapism, to protect you against untoward stresses from the outside world.
